Charles, do you remember
anyone important to you?

Sven said I never
talk about my past
before becoming a
toppat, and that's normal
since a lot of toppats do.
so, I'm sure I have reasons
for not wanting to talk about it.

you know that there's two toppats named Thomas that I know, you have to be specific on which Thomas you're talkin' bout.

and about that
Dave guy?
he's fine.

he's still in our cell
for months now.
he didn't do much.
we kept him there cause
he saw some of us
doing some robbing.

B'sides, he's pretty
smart and taught for a

going to need him for something.

But whatever will happen
to him, it's depends on our

I'm surprised Charles didn't need cybernetic enhancements after the explosion. How did he not need them? Tell me, Charles or Sven.

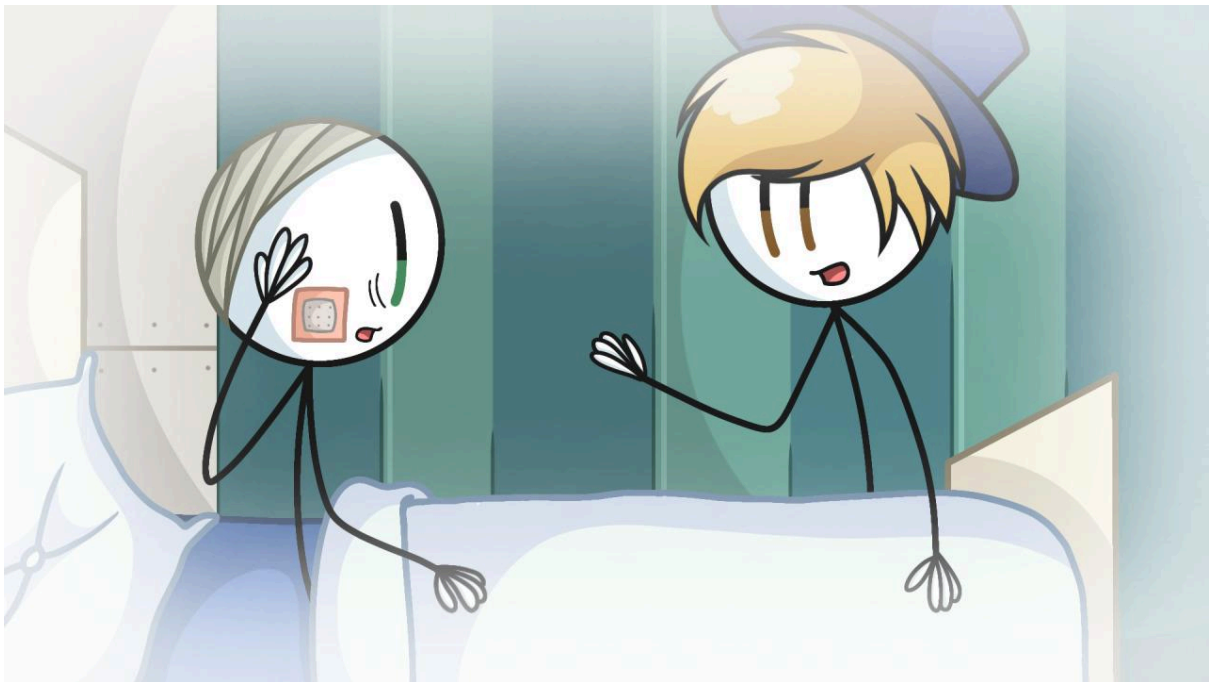

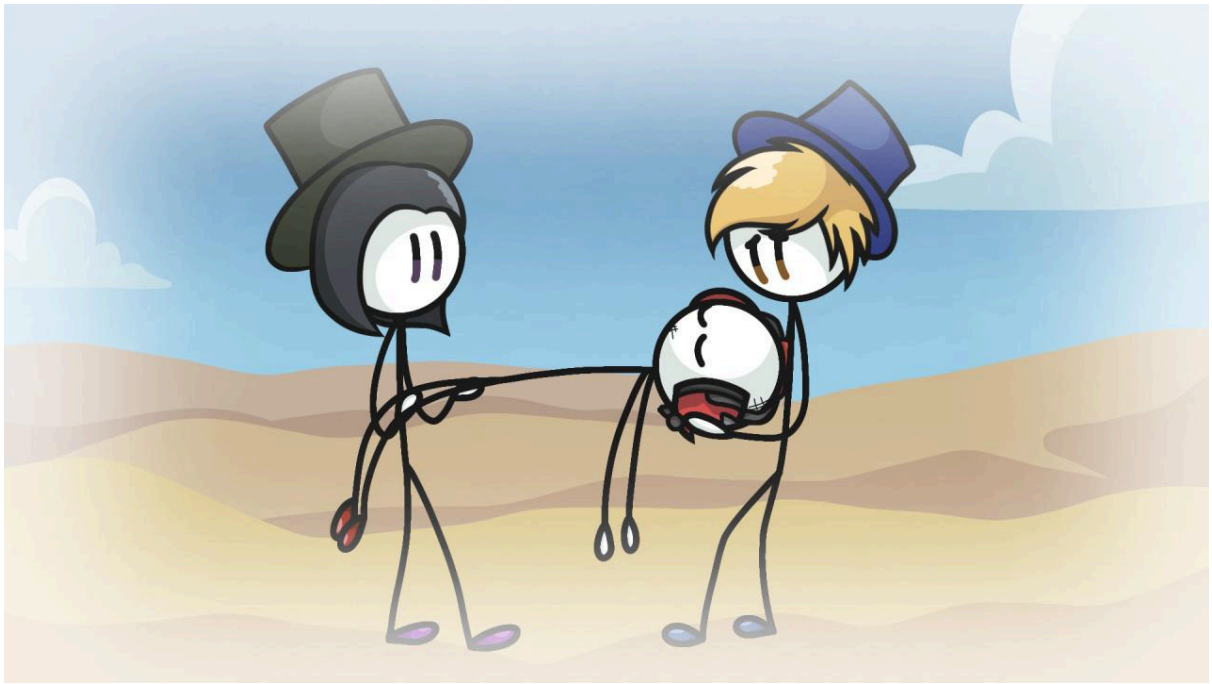

I don't know exactly how, but what I know is, that he managed to escape with an escape pod a second before the explosion, he also landed not far away from my escape pod.

Yeah, that anon said truth. In my thought, he joined to toppats as he forgot he was in Gov'T. I also think that message was sent by Burt who actually dead, not Charles.
